Bite Free™ insect repellent spray

PRODUCT DATA SHEET

DESCRIPTION

Bite Free™ insect repellent spray is specially formulated to repel flying and creeping insects of all kinds. Bite Free™ spray is environmentally friendly and made from the highest quality, non-toxic all natural ingredients, namely denatured alcohol and cosmetic grade oil of citronella, a natural ingredient that bugs can't stand! This all-natural spray is easy to apply, and completely safe to use. Will not damage clothing, equipment or accessories.

TYPICAL CHARACTERISTICS

Appearance - clear liquid with slight yellow tint

Odor - Slight lemon fragrance, fruity, sweet

pH as supplied 6.8 – 7.2

Available in 2.5 fluid oz. and 4 fluid oz. net weight, sold in aluminum pump-spray containers.

METHOD OF USE

Shake well before using. Spray lightly over feet, ankles, legs, arms, hands, neck and other exposed body parts. Optionally, for extra protection, spray small amount over socks, shoes, hats, shirt collars, shirt cuffs, chairs and tables. Bite Free™ insect spray is effective immediately, providing a protective mist deposit over the skin and clothing, giving long-lasting protection. Bite Free™ insect spray is invisible, non-slippery and does not stain.

TYPICAL APPLICATIONS

Use Bite Free™ spray for quick relief from anything that bites, itches, burns or stings: gnats, mosquitos, fire ants, deer flies, sand flies, chiggers, ticks and fleas.

Bite Free™ spray has been designed as a general purpose repellent for discouraging attack by public health pests such as insects that can cause or transmit disease, or can cause human discomfort or injury. It is equally suitable for use by children and adults alike. Its proprietary formulation provides an aromatic mist deposit that discourages attack by insect pests. Absorbs quickly, non-greasy. For all ages. Concentrated, use sparingly. For indoor and outdoor use.

PRODUCT CLASSIFICATION

Bite Free™ spray is in group classification D.

Products in this group are all ethyl-alcohol-based and substantially neutral having pH values between 6 and 8.

U.S. Classification: USDA - E4.

All ingredients are listed in the U.S.N.F. (National Formulary) and the B.P. (British Pharmacopoeia) and are therefore recognized as safe to use.

LABELING

PRODUCT DESIGNATION: Universal Aromatic Spray

PRODUCT CLASSIFICATION & SYMBOLS (C.P.L. Regulations):

This product is not classified under these regulations and therefore has no special labeling requirements.

Substance Identification Number: B4000

Primary Label Cautions (C.P.L. Regulations)

RECOMMENDED ADDITIONAL SAFETY INFORMATION:

Do not take by mouth. Ingestion: Rinse mouth out with water. Inhalation: Remove from exposure site to fresh air. Avoid contact with eyes. Eye Contact: Rinse immediately with plenty of water for at least 15 min.

For external use only. Do not use if you are pregnant. Consult with physician if unexpected condition persists.

When used according to directions, Bite Free spray is not expected to cause harm to humans, pets or the environment. Non-toxic, all-natural ingredients.

STORAGE:

Do not store at extremes of temperature. Keep from freezing. Shake well before using.
